

LEADING WITH EXPERIENCE

GeoVera Specialty is just one branch of the group of companies that make up GeoVera Holdings, Inc. A wholly owned subsidiary of its parent company, the management team of GeoVera Specialty has a deep-rooted history of providing catastrophe protection to various markets and paying claims in the face of adverse conditions since 1995 under the name USF&G. We are proud to be one of the longest standing insurance companies, and we will remain dedicated to coastal homeowners' best interests when catastrophe strikes. In the 2017 hurricane season several hurricanes, including Hurricanes Harvey and Irma, inflicted widespread destruction in the southern region of the United States. GeoVera Specialty was there for homeowners before, during, and after the storms.
